THE DUSKY RED MEN!

Ride Down on a Party of White Laborers and Kill Several of Them.

ST. PAUL, Minn., June 14.—A special dispatch from Mora, says an encroachment upon the Mille Lacs reservation is the cause of the present trouble between the whites and reds. A contract was recently secured by Falley Bros. of St. Paul, to dig a ditch from Mille Lacs lake to Snake river, near this place, for irrigating purposes, and when the Indians heard of this they thought the whites were going to drain off the water from the lake, which would deprive them of their fishing.

The contractors yesterday set 300 laborers to work despite a warning from the Indians that they would kill them unless they left the territory at once. Four hundred Chippewas, led by White Snake and Great Bear, rode down upon the men without warning.

The Indians were armed with repeating rifles and tomahawks. The laborers dropped their picks and shovels and made a rush to escape, pursued by the Indians yelling and shooting the unprotected men as they rode over them.

Seven men were shot dead and a number of others were severely wounded.

AFFAIRS AT JOHNSTOWN.

The Question of Wages Settled and the Men Resume Work.

JOHNSTOWN, Pa., June 14.—With the addition of nearly 10,000 new men Contractor McKnight stated, this morning, that he expects to do more effective work to-day and to-morrow than has been accomplished altogether since the disaster occurred. All question about the price of labor has been settled and there are to-day about 1,750 men at work on the drift at the stone bridge.

To-night the drift will be burned. Contractor McKnight expects to have the river cleared of wreckage by to-morrow evening. The dynamiting still goes on, and is gradually loosening the drift.

A heavy rain began falling at 8:30 o'clock this morning and has greatly retarded the work of clearing away the debris. Nearly all of the laborers have deserted their places and returned to camp, refusing to remain out in the rain. The work of removing the drift and wreckage is practically suspended for the time being.

Dr. Miller, of the state board of health, says that he fears that the continued wet weather will cause much sickness, especially pneumonia. He reports one case of typhoid fever in Minersville, and several new cases of chicken pox and measles to-day.

Up to noon to-day four bodies were recovered and taken to the morgue and afterwards buried in Prospect cemetery.

PHILADELPHIA, June 14.—Pennsylvania railroad officials have not yet estimated the amount of damage done to their property by the recent flood, and will not be able to do so for some time yet. It is now estimated at $3,000,000. It is now stated that the main line between Harrisburg and Pittsburg will be opened for freight and passenger business to-morrow.

THE LUTHERANS.

Their National Synod Endorse the Prohibition Amendment.

PITTSBURG, June 14.—The thirty-fourth biennial session of the Lutheran church of the United States was formally opened yesterday by the election of the Rev. H. W. McKnight, D. D., president; W. S. Frees, D. D., of York, Pa., secretary, and Alexander Gebhardt, D. D., of Dayton, O., treasurer. A resolution indorsing the prohibition amendment, which is to be voted on in this state on the 18th inst., was unanimously adopted.

THE SAMOAN CONFERENCE.

The American Delegates Withdraw Certain Objections.

BERLIN, June 14.—The Samoan conference met again to-day. It is reported that the American delegates withdrew their objections to certain portions of the protocal, and that this will be the final meeting of the conference. Mr. Phelps will sail on the Fulda to-morrow, from Bremen.

O'BRIEN MURDER TRIAL.

Defendant Found Guilty and Sentenced to Five Years in the Pen.

BLUFFTON, June 14.—The trial of James O'Brien for the killing of Newcomb, which has been on trial in the Wells circuit court, ended yesterday by the jury bringing in a verdict of guilty, and sentencing the prisoner to the penitentiary for five years.

RICH AND RARE.

The Musicale Given Last Night at the Residence of Hon. Chas. McCulloch.

A musicale, in which were combined excellence, refinement and enjoyment, was held last night at the residence of Hon. Charles McCulloch and wife, on West Wayne street. It was the nicest professional entertainment of that nature ever given in our city before a private audience. The program was rendered by Miss Mears, the talented soloist of New York City, Miss Sabona, of Danish birth, who is a nice of Professor Crull, of Concordia college, Miss Slattery and Miss Jenny Ninde, daughter of Hon. L. M. Ninde, all possessing the gift of rare qualities in voice or execution. Those who attended the occasion congratulated themselves for the opportunity of meeting such a cotorie of artists at one time. After the program Mr. and Mrs. McCulloch entertained their guests handsomely. Among those present were, Mrs. Biewend, Mr. and Mrs. D. Law, Mr. and Mrs. M. M. Slattery, Mr. and Mrs. H. G. Olds, Mr. and Mrs. E. C. Rurade, Mr. S. C. Lumbard, wife and daughters, Mr. and Mrs. James Smith, Mr. and Mrs. John Mohr, jr., Mr. and Mrs. P. Morganthaler, Mr. and Mrs. S. R. Alden, Mr. and Mrs. Will Johnson, Mr. and Mrs. J. H. Wilder, Mrs. Judge Lowry, Will and Noble Olds, and several others.

WOODS VS. THE CITY.

Judge Woods Gives the Plaintiffs a Judgment for $7,952.

The long drawn out case of R. D. Woods vs. the city of Fort Wayne was decided by Judge Woods, in the United States court to-day, giving to the plaintiffs a judgment of $1,500 and seven years' interest, amounting in all to $7,952, in payment of all claims for extras that they demanded of the city. June 14 the city agreed that it owed them on the 15 per cent. retained from estimates for work, $4,100, and was ready to pay this amount. They, however, claimed $6,272.23 with interest in addition for extra work in crossing the river, valve boxes, etc., which Judge Woods refused to allow.

It is a famous case. It was first instituted and heard by Judge Gresham in 1881, who decided against the plaintiffs. It was then appealed to the United States supreme court and sent back.

After Chief Justice Blackford had reversed the decision, the case was submitted to trial before Judge Woods on its merits. The defendants pay costs which will amount to a considerable sum.

LOCAL LINES.

Mr. M. L. Pappold, fireman on the Nickel Plate, is taking a vacation at his home in Cleveland.

The Concordia singing society had a merry party of fifty at their excursion to Rome City to-day.

The several lodges of Odd Fellows observed memorial day this afternoon and the demonstration was a big success.

Mrs. H. Gauff, who has been visiting her daughter, Mrs. Wm. Moellering, left for her home at Norwich, Ohio, to-day.

In the circuit court, Louise Hubler, through her attorney, O. N. Heaton, asks to have divorce proceedings of Henry Hubler set aside.

Messrs. H. W. Mordhurst, Dr. C. B. Steman, George Godfrey and other members of the Scottish Rite, went to Toledo to-day to attend a convocation.

On Sunday next Ticket Agent Ross will again sell through tickets to eastern points over the Pittsburg railroad, the first time since the Johnstown disaster.

Etta Kirchner, through her attorney, W. P. Breen, has entered suit in the superior court, for divorce from Albert Kirchner, charging cruel treatment. She asks custody of two children, and $1,000 alimony.

The New Haven gas well holds out to the extent of a five foot flame from the casing. The stockholders at a meeting decided to neither bore deeper nor "shoot" the present well, but will begin operations on another one immediately.

"Baron" Von Westrumb filed an affidavit in 'Squire Ryan's court this afternoon against Jacob Strauss, who runs the Assignee clothing store at 29 Calhoun street. The defendant filed an affidavit in France's court on charge of provoke.

That tired feeling and loss of appetite are entirely overcome by Hood's Sarsaparilla, the peculiar medicine. Try it and see.

LUKE DILLON!

He Will Remain at Chicago Until the Grand Jury Finishes Its Work.

CHICAGO, June 14.—Luke Dillon, in an interview last night admitted that there was practically nothing else against Desmond, and intimated that the San Francisco man was wanted chiefly to identify the hotel guest "Melville," as Maroney, the New Yorker.

Luke Dillon has determined to remain in Chicago until the special grand jury has finished its work. He remains at the request of the state's attorney and in spite of important personal affairs, which demand his presence in Philadelphia.

Friends of Tom Desmond, the Californian, against whom suspicion was directed because he happened to be at McCoy's hotel when John F. Maroney was there last April, say he is incapable of committing murder. Owen Murray, the State street saloonkeeper, who has has known Desmond for years, says that when the Californian left Chicago he proceeded directly from New York to San Francisco. If this is true, he could not have participated in the cruel murder.

The only suspicion that attaches to him is the coincidence of his meeting with Marony at McCoy's hotel, and the additional fact that he was a warm supporter of the triangle that once misruled the Clan-na-Gael. Luke Dillon does not believe Desmond had anything to do with the murder.

The contract with Dr. Cronin is not the only damaging evidence against ice man P. O'Sullivan. He made careful provisions either for his own escape after Cronin had been killed, or for the payment of hired assassins for the murderous deed. It will be remembered that the Carlson cottage was hired and the household goods moved into it from 117 Clark street between March 20 and 22.

It has been ascertained that P. O'Sullivan mortgaged his ice wagons and horses for $600 on March 20, and it is thought the money was paid to the men who murdered or assisted in the murder of Dr. Cronin.

CHICAGO, June 14.—The special grand jury investigating the Cronin murder adjourned at 12:40 to-day, without returning any indictments, but will meet for the afternoon session at 2:30 o'clock.

It is thought the jury will indict either Marony or Alexander Sullivan during the afternoon.

TORONTO, Ont., June 14.—It would not be a surprise to some people if Dennis G. Feeley, one of the men now brought forward most prominently in connection with the Cronin murder at Chicago, would turn out to be a British spy.

SULLIVAN EXPLAINS.

P. O. Sullivan, the ice man, this morning explains why he mortgaged his wagons and horses on March 26. He says H. C. McBride & Bros. own the Elgin Ice company, with which he made a contract for his ice.

As a guarantee he gave H. McBride the mortgage of $600 on his property. He says he did not get one cent in cash from them.

BRAZIL SCOURGED.

Small Pox and Yellow Fever Epidemic in That Empire.

NEW ORLEANS, June 14.—News has just been brought here by a gentleman from Brazil who says that small pox and yellow fever are raging in a virulent form, not only in Rio Janiero, but through all the states within 200 miles of that city. The death rate for three days at Santos was 70 per cent., and people who could do so were leaving in droves.

Killed by the Cars.

LANSING, Mich., June 14.—W. W. Staley, major of the First regiment, state troops, and prominent in Michgan military affairs, was struck by a Chicago and Grank Trunk train near Lansing last evening, and instantly killed.

At the residence of her daughter, Mrs. Hugh M. Diehl, at 9:30 p. m., yesterday, occurred the death of Mrs. Nancy Guernsey Jones. The lady was sixty-five years old, and by reason of her age and feeble constitution, death was not wholly unexpected. The deceased was very much respected and an excellent woman. She was also mother af Mrs. P. B. Colerick. The funeral will occur Sunday afternoon, at 3 o'clock, from the late residence, 49 Harmer street. Friends of the family are invited without further notice.

Judge Woods and party returned to Indianapolis to-day and the United States court is adjourned.

ON A HUNT FOR NEWS

Went the Sentinel's Railroad Reporter This Morning and This is the Result.

The Grand Rapids pay car will be in the city Monday.

Peter Roth, of the Bass moulding rooms, is on the sick list.

The Olds wagon and wheel works pay their employes to-morrow.

George Misner, brakeman on the Pittsburg, is on the sick list.

The moulders at the Bass works are arranging for an excursion to Rome City.

The Concordia singing society went to Rome City this morning with fifty people.

Nelson Davenport has taken the position of engineer at the Fox cracker factory.

Wm. Rhodes, machinist at the Pittsburg shops, is off duty on account of sickness.

Otto Benz, of the Bass machine shops, has the handsomest mustache of any employe at the works.

Clerk Christ Daseler, of the Pittsburg car shops, was on duty at the East yard offices this morning.

The freight agents of the city met this afternoon to elect a delegate to their national convention.

The Grand Rapids road took twenty-five people from this city this morning to the races at Kendallville.

Foreman T. J. Rodabaugh, of the Pittsburg shops, launched his boat last evening for the first time. It is a daisy.

Frank Witte, gate keeper at the Pittsburg shop entrance, has given the interior of his watch house a coat of whitewash.

J. T. Callahan, of the Nickel Plate road, attended the American Train Dispatcher's meeting at Indianapolis yesterday.

Assistant Superintendent J. Zion Smith, of the Bass works, was wearing a button hole bouquet while on duty this morning.

E. C. Luke, clerk at the Bass machine shops, is on duty with his hand tied up on account of injuries received last evening.

The Wabash trains to the east are now crowded with passengers. The road has had the bulge on eastern business since the floods in Pennsylvania.

Mat. Crawford, of the Pittsburg blacksmith shops, was severely cut about the face this morning by a big piece of iron flying up and striking him.

The employes of the Lafayette car works gave $200 to the Johnstown sufferers. The Pennsylvania company's shop employes in this city did better than that.

The earnings of the Wabash road for the five months ending June 1, are within $1,000 of those of the corresponding period in 1887, the largest ever made by the road, and its outlook for business is now excellent.

Dame rumor has it, and she never tells tales which are not true, that in the near future one of the employes of the Olds wheel works will wed a young lady known as the "Belle" of the electric light works.

Wm. Harrison, machinist at the Pittsburg shops, had his leg broken yesterday afternoon while at work in the shops. There is nothing slow about William, for he was at work as usual, this morning. It was a wooden leg.

The Grand Rapids railroad are placing 6,000 geraniums and other plants in the various parks of their northern resorts. Ora Rose, the assistant ticket agent of the company, has petitioned President Hughart for a supply to be placed in the railroad parks, and he thinks his request will be granted.

The Canadian parliament has passed a bill which, among other things, provides that "passengers' baggage shall not be thrown or cast from the baggage car to the platform, but proper appliances shall be provided on which the baggage not removed by hand shall be removed undamaged from the baggage car to the platform." Such a law might be a good thing in this country.

The Elkhart and Goshen papers have expressed apprehensions of the breakage of the Rome City reservoir dam. There need not be any. The Grand Rapids and Indiana road track is on the dam, and the connecting bridges on either side gives that company occasion to keep a close lookout for its safety. A patrol is kept on the track there all the time. Once, but long before the railroad took charge of it, the dam broke away.

Mr. and Mrs. Will Noble are at Richmond, Ind.

POWDER EXPLOSION!

A Canada Powder Mill Blown up, Killing Many Animals, But no Human Beings.

BROCKVILLE, Ont., June 14.—The works of the Canada Powder company, two miles east, was blown up at 7 o'clock this morning. The explosion was terrific, killing a number of horses and sheep and smashing many plate glass windows in this place. As luck happened, the workmen had not yet reported for duty, or there would have been a loss of life. It is not known what caused the explosion. The explosion was heard for miles around.

LATER.

The explosion in the powder mill was more disastrous than at first supposed. The company's buildings and a number of other structures in the neighborhood were wrecked. It seems that the mill took fire at first and the employes vacated the buildings, fearing the explosion which soon followed.

A Crazy Man's Freak.

A crazy man played a very pretty prank on the police to-day. His name is Louis Juppenlatz, and he comes from Philadelphia. He told the police his wife had disappeared and had taken $8,000 cash with her, and he offered very liberal rewards for her arrest. He said they had come to this city on an early morning train and went to one of the hotels. Immediately after breakfast his wife left the hotel and took all the money with her and he had searched high and low and could not find her.

The police started on the search at once and shortly before noon found the lady at the clothing store of Original Pete, 52½ Calhoun street. She was buying a suit of clothes for her husband, because, she said, they were cheaper and better than could be found any place else.

Miss Frances Tower, of the public schools, left to-day for New York city.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

FRIDAY, JUNE 14, 1889.

THE president yesterday appointed George W. Kinsey postmaster at Kokomo, Indiana.

"WHO will be Fort Wayne's next postmaster?" is a question that seems to be lost sight of altogether lately.

THE Chinese of New York city, have given nearly $1,000 to the Johnstown sufferers and in Philadelphia they have given $400.

AT THE reunion of the Army of the Potomac on Wednesday, Gen. Fitz John Porter was made president of the fifth army corps.

THE three members of the civil service commission will leave Washington Sunday night for Indianapolis to make an inspection of the postoffice service there.

IT is estimated by some who have studied the census tables that 25,000,000 of the 65,000,000 people composing our population have more or less Irish blood in their veins.

A LETTER received from Ururi, on the southeastern shore of the Victoria Nyanza, dated Dec. 2, reports the arrival there of Henry M. Stanley with a number of invalid members of his force.

GOVERNOR HILL, of New York, has vetoed the compulsory education bill on the ground that it contains sweeping and unguarded provisions, offensive in their invasion of the liberty of the citizen and interference with the control of parents over their children.

SEVERAL railroad companies have filed returns of their taxable property with the auditor of state, but there are many yet to come. The penalty for failing to file these papers by June 1 is in force, and it means liability for any sum from $1,000 to $5,000 for each day the companies withhold them.

THE movement to abolish Sunday work on railways as far as possible is making rapid headway. The reform seems to be spontaneous, and to be due rather to a substantially unanimous desire on the part of railway men of every grade to bring it about, than to any organized crusade against Sabbath-breaking.

THE manager of the Little Louisiana lottery, at New York City, has been arrested and all his office effects seized. These lottery associations are taking thousands of dollars out of Fort Wayne every month and rarely bring any return. Workingmen, who can illy afford it, invest a dollar in tickets every month. The less one has to do with them the better.

THE South Fork Fishing club propose to turn their club house at Conemaugh lake into an orphanage for the little ones robbed of parents in the Johnstown disaster. It will be a place crowded with painful recollections for the orphans made by the flood, but it is a worthy offer, and shows that the gentlemen who damned back the Conemaugh are trying to make amends.

THE governor has paroled A. D. Fobes, of Lagrange, who was serving a two years' penitentiary sentence for forging his mother's name. The condition on which he will remain free is total abstinence from the use of intoxicating liquor. It was liquor that got him there and if he could only get free from its thralldom he would have a greater freedom than the governor has so kindly given him.

THE latest trust is one of $25,000,000, which takes in all the plug tobacco manufacturers of the United States. Their scheme is claimed to be one of self protection. All manufacturers will sell out to one company and then take stock to the amount of the valuation of their plant. Leggett & Myers and Drummond & Co., of St. Louis, Mo., and P. Lorrillard, of New York, are at the head of the affair.

LAWRENCE BARRETT will sail for Germany to-morrow on a pleasure trip of two months. He expects to return in August, when active preparations will begin for his production of Wm. Young's new play, "Ganelon," which is to open Mr. Barrett's season in Chicago October 7. Mr. Barrett says he intends to spend about $50,000 before the curtain is first raised on this play, and nearly two hundred performers will be included in the cast.

THE comforts of office seekers are studied at the White House. Private Secretary Halford has provided accommodations for the reception of a larger number of callers by securing a new set of furniture for his office. Heretofore the equipment of the room has consisted of two tables and three or four chairs. Now there are a dozen or more chairs, besides a very comfortable sofa. Undoubtedly Mr. Halford anticipates a rush as soon as congress convenes.

THE Northern Indiana Editorial association is now in session at Kendallville, with the largest attendance in the history of the organization. The reception at Mitchell hall last evening was a grand affair, an elaborate and interesting program being carried out. The feature of the evening was the fine address delivered by Hon. J. B. Stoll, of the South Bend *Times*, on "The Newspaper at the Fireside." The banquet at the Kelly house, was a grand affair.

MEMORIAL.

To the memory of Daniel J. Lorden, a member of Fort Wayne Lodge No. 136 Brotherhood of Railroad Brakemen, who in the faithful performance of duty fell from his train and his left foot being badly mangled died from lock jaw, June 6, 1889, aged thirty-five years.

Another home is broken,
Another soul at rest,
Another form lies lifeless,
Another body returns to dust.

Our dear brother Dan,
Who is now beyond the stars,
Died a death of agony—
He was injured by the cars.

He died the death of a hero;
Injured while at his post,
And this is a little comfort
To the Brothers who loved him most.

But the mother, brothers and sisters—
Oh! who shall comfort them?
They never, in this sinful world,
Shall see his face again.

The fond Brother who watched him die
In agony and pain,
Shall never, while his life doth last,
Behold his face again.

Is there no one to comfort the mother,
In this, her night of sorrow?
No one to whisper in her ear:
There is a bright to-morrow?

Ah, yes! within the distance
A beacon light we see:
'Tis that noblest of all orders,
'Tis the B. of R. B.

Onward they come to the stricken home;
Their hearts are bowed with grief—
They come to offer sympathy,
Friendship and relief.

The sorrowing friends greet them;
Their eyes with tears are wet;
While lying on the bier is he
Whose earthly sun is set.

All look upon the Brother's face
They ne'er will see again;
While from their eyes, bedimmed with grief,
The tears do fall like rain.

Oh, brothers! pray take warning,
Prepare while there is time.
Behold! our Brother, cold in death,
Was taken in his prime.

So get your armor ready
Before it is too late;
For, if you die in wickedness,
Oh! what will be your fate!

Do you wish to see our brother
In that bright and happy land!
Do you wish to hear him singing
With that white-robed angel band?

You will then gird on the armor
Of faithfulness and love,
And you'll yet see Brother Dan
In his happy home above.

—J. C. MCCALL.

RESOLUTIONS.

Resolutions adopted by Fort Wayne lodge, No. 136, B. of R. B., at their regular meeting, held June 11th, 1889.

Whereas, It has pleased the Almighty God, in His infinite wisdom, to remove from our midst, by a sudden and unlooked for death, in the prime of manly strength, vigor, and in the noon-tide of life, our dearly beloved brother, Daniel Lorden, who died June 6, '89, from injuries received while in the faithful performance of duty.

Whereas, by his death, our lodge has lost a true and devoted member, his associates a warm friend, the company a valued and trusty employe, the family a dutiful son and beloved brother; therefore, be it

Resolved, That while we bow in reverence and submission to the will of our Heavenly Father in taking from our midst our much esteemed friend, we can not permit this solemn occasion to pass without placing ourselves on record as cheerful and ready witnesses to the many noble qualities of hand and heart, so constantly displayed by our deceased brother.

Resolved, That as a token of our respect, our charter be draped for a space of thirty days, and that each member wear a piece of crape, as a sign of mourning, for the same period, and that a copy of these resolutions be sent to his mother, suitably engrossed, and be entered on the minutes of the lodge, published in the daily papers, and our official journal.

Resolved that we extend to the mother, sisters and brothers our heartfelt sympathy in this their sad bereavement, and commend them to Him, who only can heal earth's deepest sorrows, and who doeth all things well.

Resolved, That faithful and true in life, faithful even unto death, kind friend, true brother, great heart, farewell. Your memory will surely be treasured by us so long as this Lodge retains its existence, and by each of us individually will we mourn the loss of an arm from the wheel of our Brotherhood, or a precious link from our golden chain of friendship.

Friend after friend departs;
Who hath not lost a friend?
There is no union here of hearts
That finds not here an end.
We, too, should be ready to die:
To leave this weary road,
And, 'mid the Brotherhood on high,
To be at home with God.

MR. D. M. GRAYSON, of Cronville, Franklin parish, La., says: I think Swift's Specific is the best blood remedy in the world. I have known it to make wonderful cures of persons with blood diseases, some cases which had been regarded as incurable.

An Indian in the Everglades, Fla., it is said, is still holding in slavery negroes that were his when the war broke out.

Recently in Brooklyn, a scholar at one of the large public schools met with a serious accident. An eminent physician was called in. He asked, immediately, what had been done. "I have bound up the wound and saturated it with Pond's Extract," said the principal. "Very well!" said the doctor, "the boy is doing nicely. I could have prescribed nothing better." Pond's Extract is the great specific for Wounds, Sprains, Bruises, Burns, and all kinds of Inflammations and Hemorrhages. Demand Pond's Extract. Refuse any substitute.

In Love's Harness.

Most women naturally look forward to matrimony as their proper sphere in life, but they should constantly bear in mind that a fair, rosy face, bright eyes, and a healthy, well developed form, are the best passports to a happy marriage. All those wasting disorders, weaknesses, "dragging down" sensations, and functional irregularities peculiar to their sex, have an unfailing specific in Dr. Pierce's Favorite Prescription. It is the only medicine for women, sold by druggists, *under a positive guarantee* from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cala., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranted that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: "Medicine velly fine, velly fine; alle same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Hoham.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O13deod4m-weow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

THIRD POINT

You should read the Chicago Daily News because it's *an independent newspaper*. There are two sides to every political question, and The Daily News gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read The Chicago Daily News.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

TAR-OID

NATURE HAS NO BETTER REMEDY
Than this New Compound of Tar for
Wounds; Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confound with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

Mr. J. D. Bond now offers for sale the block of eighteen lots in Hamilton's fourth addition, located on South Calhoun street, one block south of the Creighton avenue car line. Eight of these lots front on Calhoun street, five on Taber street, and five on Suttenfield street. Sixteen of them are 40x150 feet and two are 37x150 feet.

Upon these lots he offers to build any one of four designs of handsome cottages, that will contain six, seven and eight rooms; two of them have mantle and grate; all will be piped for gas, natural gas, water, perfect system of sewerage, and water closets, and bath-rooms, if desired.

Sidewalks will be built in front of houses and through each yard, and the lots will all be graded, and shade trees planted on the front and rear of the lots, making the entire block a beautiful park.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balance in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 3 Aveline house.

On Sunday evening young Stone committed suicide. Mr. and Mrs. Brunson had gone to church, and, as usual, left Stone and a little girl about fourteen years old at home. While the latter was absent from the room Stone worked his way to the well by the use of two chairs. Not being able to walk, it is supposed that he would sit on one chair while he would move the other around toward the well, and then shift his body from one chair to the other, until he reached the fatal spot, where he plunged head-foremost into the well, in which condition he was found by his sister and brother-in-law, with heels out.

THE DUSKY RED MEN!

Mide Down on a Party of White Laborers and Kill Several of Them.

ST. PAUL, Minn., June 14.—A special dispatch from Morn, says an encroachment upon the Mille Lacs reservation is the cause of the present trouble between the whites and reds. A contract was recently secured by Falley Bros. of St. Paul, to dig a ditch from Mille Lacs lake to Snake river, near this place, for irrigating purposes, and when the Indians heard of this they thought the whites were going to drain off the water from the lake, which would deprive them of their fishing.

The contractors yesterday set 300 laborers to work despite a warning from the Indians that they would kill them unless they left the territory at once. Four hundred Chippewas, led by White Snake and Great Bear, rode down upon the men without warning.

The Indians were armed with repeating rifles and tomahawks. The laborers dropped their picks and shovels and made a rush to escape, pursued by the Indians yelling and shooting the unprotected men as they rode over them.

Seven men were shot dead and a number of others were severely wounded.

AFFAIRS AT JOHNSTOWN.

The Question of Wages Settled and the Men Resume Work.

JOHNSTOWN, Pa., June 14.—With the addition of nearly 10,000 new men Contractor McKnight stated, this morning, that he expects to do more effective work to-day and to-morrow than has been accomplished altogether since the disaster occurred. All question about the price of labor has been settled and there are to-day about 1,750 men at work on the drift at the stone bridge.

To-night the drift will be burned. Contractor McKnight expects to have the river cleared of wreckage by to-morrow evening. The dynamiting still goes on, and is gradually loosening the drift.

A heavy rain began falling at 8:00 o'clock this morning and has greatly retarded the work of clearing away the debris. Nearly all of the laborers have deserted their places and returned to camp, refusing to remain out in the rain. The work of removing the drift and wreckage is practically suspended for the time being.

Dr. Miller, of the state board of health, says that he fears that the continued wet weather will cause much sickness, especially pneumonia. He reports one case of typhoid fever in Minersville, and several new cases of chicken pox and measles to-day.

Up to noon to-day four bodies were recovered and taken to the morgue and afterwards buried in Prospect cemetery.

PHILADELPHIA, June 14.—Pennsylvania railroad officials have not yet estimated the amount of damage done to their property by the recent flood, and will not be able to do so for some time yet. It is now estimated at $3,000,000. It is now stated that the main line between Harrisburg and Pittsburg will be opened for freight and passenger business to-morrow.

RICH AND RARE.

The Musicale Given Last Night at the Residence of Hon. Chas. McCulloch.

A musicale, in which were combined excellence, refinement and enjoyment, was held last night at the residence of Hon. Charles McCulloch and wife, on West Wayne street. It was the nicest professional entertainment of that nature ever given in our city before a private audience. The program was rendered by Miss Mears, the talented soloist of New York City, Miss Sabons, of Danish birth, who is a niece of Professor Crull, of Concordia college, Miss Slattery and Miss Jenny Ninde, daughter of Hon. L. M. Ninde, all possessing the gift of rare qualities in voice or execution. Those who attended the occasion congratulated themselves for the opportunity of meeting such a coterie of artists at one time. After the program Mr. and Mrs. McCulloch entertained their guests handsomely. Among those present were, Mrs. Biowend, Mr. and Mrs. D. Law, Mr. and Mrs. M. M. Slattery, Mr. and Mrs. H. G. Olds, Mr. and Mrs. E. C. Rumsle, Mr. S. C. Lumbard, wife and daughters, Mr. and Mrs. James Smith, Mr. and Mrs. John Mohr, jr., Mr. and Mrs. P. Morganthaler, Mr. and Mrs. S. R. Alden, Mr. and Mrs. Will Johnson, Mr. and Mrs. J. H. Wilder, Mrs. Judge Lowry, Will and Noble Olds, and several others.

WOODS VS. THE CITY.

Judge Woods Gives the Plaintiff a Judgment for $7,953.

The long drawn out case of R. D. Woods vs. the city of Fort Wayne was decided by Judge Woods, in the United States court to-day, giving to the plaintiffs a judgment of $1,500 and seven years' interest, amounting in all to $7,962, in payment of all claims for extras that they demanded of the city. June 14 the city agreed that it owed them on the 15 per cent. retained from estimates for work, $4,100, and was ready to pay this amount. They, however, claimed $6,272.23 with interest in addition for extra work in crossing the river, valve boxes, etc., which Judge Woods refused to allow.

It is a famous case. It was first instituted and heard by Judge Gresham in 1881, who decided against the plaintiffs. It was then appealed to the United States supreme court and sent back.

After Chief Justice Blackford had reversed the decision, the case was submitted to trial before Judge Woods on its merits. The defendants pay costs which will amount to a considerable sum.

"Baron" Von Westrumb filed an affidavit in Squire Ryan's court this afternoon against Jacob Strauss, who runs the Assignee clothing store at 29 Calhoun street. The defendant filed an affidavit in France's court on charge of provoke.

That tired feeling and loss of appetite are entirely overcome by Hood's Sarsaparilla, the peculiar medicine. Try it and see.

LUKE DILLON!

He Will Remain at Chicago Until the Grand Jury Finishes Its Work.

CHICAGO, June 14.—Luke Dillon, in an interview last night admitted that there was practically nothing else against Desmond, and intimated that the San Francisco man was wanted chiefly to identify the hotel guest "Melville," as Maroney, the New Yorker.

Luke Dillon has determined to remain in Chicago until the special grand jury has finished its work. He remains at the request of the state's attorney and in spite of important personal affairs, which demand his presence in Philadelphia.

Friends of Tom Desmond, the Californian, against whom suspicion was directed because he happened to be at McCoy's hotel when John F. Maroney was there last April, say he is incapable of committing murder. Owen Murray, the State street saloonkeeper, who has has known Desmond for years, says that when the Californian left Chicago he proceeded directly from New York to San Francisco. If this is true, he could not have participated in the cruel murder.

The only suspicion that attaches to him is the coincidence of his meeting with Maroney at McCoy's hotel, and the additional fact that he was a warm supporter of the triangle that once misruled the Clan-na-Gael. Luke Dillon does not believe Desmond had anything to do with the murder.

The contract with Dr. Cronin is not the only damaging evidence against ice man P. O'Sullivan. He made careful provisions either for his own escape after Cronin had been killed, or for the payment of hired assassins for the murderous deed. It will be remembered that the Carlson cottage was hired and the household goods moved into it from 117 Clark street between March 20 and 22.

It has been ascertained that P. O'Sullivan mortgaged his ice wagons and horses for $600 on March 20, and it is thought the money was paid to the men who murdered or assisted in the murder of Dr. Cronin.

CHICAGO, June 14.—The special grand jury investigating the Cronin murder adjourned at 12:40 to-day, without returning any indictments, but will meet for the afternoon session at 2:30 o'clock.

It is thought the jury will indict either Maroney or Alexander Sullivan during the afternoon.

TORONTO, Ont., June 14.—It would not be a surprise to some people if Dennis O. Feeley, one of the men now brought forward most prominently in connection with the Cronin murder at Chicago, would turn out to be a British spy.

SULLIVAN EXPLAINS.

P. O. Sullivan, the ice man, this morning explains why he mortgaged his wagons and horses on March 26. He says H. C. McBride & Bros. own the Elgin Ice company, with which he made a contract for his ice.

As a guarantee he gave H. McBride the mortgage of $600 on his property. He says he did not get one cent in cash from them.

BRAZIL SOURGES.

Small Pox and Yellow Fever Epidemic in That Empire.

NEW ORLEANS, June 14.—News has just been brought here by a gentleman from Brazil who says that small pox and yellow fever are raging in a virulent form, not only in Rio Janiero, but through all the states within 200 miles of that city. The death rate for three days at Santos was 70 per cent., and people who could do so were leaving in droves.

Killed by the Cars.

LANSING, Mich., June 14.—W. W. Staley, major of the First regiment, state troops, and prominent in Michigan military affairs, was struck by a Chicago and Grank Trunk train near Lansing last evening, and instantly killed.

At the residence of her daughter, Mrs. Hugh M. Diehl, at 9:30 p. m., yesterday, occurred the death of Mrs. Nancy Guernsey Jones. The lady was sixty-five years old, and by reason of her age and feeble constitution, death was not wholly unexpected. The deceased was very much respected and an excellent woman. She was also mother of Mrs. P. B. Colerick. The funeral will occur Sunday afternoon, at 3 o'clock, from the late residence, 49 Harmer street. Friends of the family are invited without further notice.

Judge Woods and party returned to Indianapolis to-day and the United States court is adjourned.

The Olds wagon and wheel works pay their employes to-morrow.

George Misner, brakeman on the Pittsburg, is on the sick list.

The moulders at the Bass works are arranging for an excursion to Rome City.

The Concordia singing society went to Rome City this morning with fifty people.

Nelson Davenport has taken the position of engineer at the Fox cracker factory.

Wm. Rhodes, machinist at the Pittsburg shops, is off duty on account of sickness.

Otto Benz, of the Bass machine shops, has the handsomest mustache of any employe at the works.

Clerk Christ Dasoler, of the Pittsburg car shops, was on duty at the East yard offices this morning.

The freight agents of the city met this afternoon to elect a delegate to their national convention.

The Grand Rapids road took twenty-five people from this city this morning to the races at Kendallville.

Foreman T. J. Rodabaugh, of the Pittsburg shops, launched his boat last evening for the first time. It is a daisy.

Frank Witte, gate keeper at the Pittsburg shop entrance, has given the interior of his watch house a coat of whitewash.

J. T. Callahan, of the Nickel Plate road, attended the American Train Dispatcher's meeting at Indianapolis yesterday.

Assistant Superintendent J. Zion Smith, of the Bass works, was wearing a button hole bouquet while on duty this morning.

E. C. Lake, clerk at the Bass machine shops, is on duty with his hand tied up on account of injuries received last evening.

The Wabash trains to the east are now crowded with passengers. The road has had the bulge on eastern business since the floods in Pennsylvania.

Mat. Crawford, of the Pittsburg blacksmith shops, was severely cut about the face this morning by a big piece of iron flying up and striking him.

The employes of the Lafayette car works gave $200 to the Johnstown sufferers. The Pennsylvania company's shop employes in this city did better than that.

The earnings of the Wabash road for the five months ending June 1, are within $1,000 of those of the corresponding period in 1887, the largest ever made by the road, and its outlook for business is now excellent.

Dame rumor has it, and she never tells tales which are not true, that in the near future one of the employes of the Olds wheel works will wed a young lady known as the "Belle" of the electric light works.

Wm. Harrison, machinist at the Pittsburg shops, had his leg broken yesterday afternoon while at work in the shops. There is nothing slow about William, for he was at work as usual, this morning. It was a wooden leg.

The Grand Rapids railroad are placing 6,000 geraniums and other plants in the various parks of their northern resorts. Ora Rose, the assistant ticket agent of the company, has petitioned President Hughart for a supply to be placed in the railroad parks, and he thinks his request will be granted.

The Canadian parliament has passed a bill which, among other things, provides that "passengers' baggage shall not be thrown or cast from the baggage car to the platform, but proper appliances shall be provided on which the baggage not removed by hand shall be removed undamaged from the baggage car to the platform." Such a law might be a good thing in this country.

The Elkhart and Goshen papers have expressed apprehensions of the breakage of the Rome City reservoir dam. There need not be any. The Grand Rapids and Indiana road track is on the dam, and the connecting bridges on either side gives that company occasion to keep a close lookout for its safety. A patrol is kept on the track there all the time. Once, but long before the railroad took charge of it, the dam broke away.

Mr. and Mrs. Will Noble are at Richmond, Ind.

POWDER EXPLOSION!

A Canada Powder Mill Blown up, Killing Many Animals, But no Human Beings.

BROCKVILLE, Ont., June 14.—The works of the Canada Powder company, two miles east, was blown up at 7 o'clock this morning. The explosion was terrific, killing a number of horses and sheep and smashing many plate glass windows in this place. As luck happened, the workmen had not yet reported for duty, or there would have been a loss of life. It is not known what caused the explosion. The explosion was heard for miles around.

LATER.

The explosion in the powder mill was more disastrous than at first supposed. The company's buildings and a number of other structures in the neighborhood were wrecked. It seems that the mill took fire at first and the employes vacated the buildings, fearing the explosion which soon followed.

A Crazy Man's Freak.

A crazy man played a very pretty prank on the police to-day. His name is Louis Juppenlatz, and he comes from Philadelphia. He told the police his wife had disappeared and had taken $8,000 cash with her, and he offered very liberal rewards for her arrest. He said they had come to this city on an early morning train and went to one of the hotels. Immediately after breakfast his wife left the hotel and took all the money with her and he had searched high and low and could not find her.

The police started on the search at once and shortly before noon found the lady at the clothing store of Original Pete, 52½ Calhoun street. She was buying a suit of clothes for her husband, because, she said, they were cheaper and better than could be found any place else.

Miss Frances Tower, of the public schools, left to-day for New York city.

FRIDAY, JUNE 14, 1889.

The president yesterday appointed George W. Kinsey postmaster at Kokomo, Indiana.

"Who will be Fort Wayne's next postmaster?" is a question that seems to be lost sight of altogether lately.

The Chinese of New York city, have given nearly $1,000 to the Johnstown sufferers and in Philadelphia they have given $400.

At the reunion of the Army of the Potomac on Wednesday, Gen. Fitz John Porter was made president of the fifth army corps.

The three members of the civil service commission will leave Washington Sunday night for Indianapolis to make an inspection of the postoffice service there.

It is estimated by some who have studied the census tables that 25,000,000 of the 65,000,000 people composing our population have more or less Irish blood in their veins.

A letter received from Uvuri, on the southeastern shore of the Victoria Nyanza, dated Dec. 2, reports the arrival there of Henry M. Stanley with a number of invalid members of his force.

Governor Hill, of New York, has vetoed the compulsory education bill on the ground that it contains sweeping and unguarded provisions, offensive in their invasion of the liberty of the citizen and interference with the control of parents over their children.

Several railroad companies have filed returns of their taxable property with the auditor of state, but there are many yet to come. The penalty for failing to file these papers by June 1 is in force, and it means liability for any sum from $1,000 to $5,000 for each day the companies withhold them.

The movement to abolish Sunday work on railways as far as possible is making rapid headway. The reform seems to be spontaneous, and to be due rather to a substantially unanimous desire on the part of railway men of every grade to bring it about, than to any organized crusade against Sabbath-breaking.

The manager of the Little Louisiana lottery, at New York City, has been arrested and all his office effects seized. These lottery associations are taking thousands of dollars out of Fort Wayne every month and rarely bring any return. Workingmen, who can ill afford it, invest a dollar in tickets every month. The less one has to do with them the better.

The South Fork Fishing club proposes to turn their club house at Conemaugh lake into an orphanage for the little ones robbed of parents in the Johnstown disaster. It will be a place crowded with painful recollections for the orphans made by the flood, but it is a worthy offer, and shows that the gentlemen who damned back the Conemaugh are trying to make amends.

The governor has paroled A. D. Fobes, of Lagrange, who was serving a two years' penitentiary sentence for forging his mother's name. The condition on which he will remain free is total abstinence from the use of intoxicating liquor. It was liquor that got him there and if he could only get free from its thralldom he would have a greater freedom than the governor has so kindly given him.

The latest trust is one of $25,000,000, which takes in all the plug tobacco manufacturers of the United States. Their scheme is claimed to be one of self protection. All manufacturers will sell out to one company and then take stock to the amount of the valuation of their plant. Leggett & Myers and Drummond & Co., of St. Louis, Mo., and P. Lorrillard, of New York, are at the head of the affair.

Lawrence Barrett will sail for Germany to-morrow on a pleasure trip of two months. He expects to return in August, when active preparations will begin for his production of Wm. Young's new play, "Gaudon," which is to open Mr. Barrett's season in Chicago October 7. Mr. Barrett says he intends to spend about $50,000 before the curtain is first raised on this play, and nearly two hundred performers will be included in the cast.

The comforts of office seekers are studied at the White House. Private Secretary Halford has provided accommodations for the reception of a larger number of callers by scenting a new set of furniture for his office. Heretofore the equipment of the room has consisted of two tables and three or four chairs. Now there are a dozen or more chairs, besides a very comfortable sofa. Undoubtedly Mr. Halford anticipates a rush as soon as congress convenes.

The Northern Indiana Editorial association is now in session at Kendallville, with the largest attendance in the history of the organization. The reception at Mitchell hall last evening was a grand affair, an elaborate and interesting program being carried out. The feature of the evening was the fine address delivered by Hon. J. B. Stoll, of the South Bend *Times*, on "The Newspaper at the Fireside." The banquet at the Kelly house, was a grand affair.

MEMORIAL.

To the memory of Daniel J. Lorden, a member of Fort Wayne Lodge No. 136 Brotherhood of Railroad Brakemen, who in the faithful performance of duty fell from his train and his left foot being badly mangled died from lock jaw, June 6, 1889, aged thirty-five years.

Another home is broken,
Another soul at rest,
Another form lies lifeless,
Another body returns to dust.

Our dear brother Dan,
Who is now beyond the stars.
Died a death of agony—
He was injured by the cars.

He died the death of a hero;
Injured while at his post,
And this is a little comfort
To the Brothers who loved him most.

But the mother, brothers and sisters—
Oh! who shall comfort them?
They never, in this sinful world,
Shall see his face again.

The fond Brother who watched like the
In agony and pain,
Shall never, while his life doth last,
Behold his face again.

Is there no one to comfort the mother,
In this, her night of sorrow?
No one to whisper in her ear:
There is a bright to-morrow?

Ah, yes! within the distance
A beacon light we see,
'Tis that noblest of all orders,
'Tis the B. of R. B.

Onward they come to the stricken home;
Their hearts are bowed with grief—
They come to offer sympathy,
Friendship and relief.

The sorrowing friends greet them;
Their eyes with tears are wet;
While lying on the bier is he
Whose earthly sun is set.

All look upon the Brother's face
They never will see again,
While from their eyes, bedimmed with grief,
The tears do fall like rain.

Oh, brothers! pray take warning.
Prepare while there is time,
Behold our Brother, cold in death,
Was taken in his prime.

So get your armor ready
Before it is too late,
For, if you die in wickedness,
Oh! what will be your fate!

Do you wish to see our brother
In that bright and happy land?
Do you wish to hear him singing
With that white-robed angel band?

You will then gird on the armor
Of faithfulness and love,
And you'll see Brother Dan
In his happy home above.

—J. C. McCall.

RESOLUTIONS.

Resolutions adopted by Fort Wayne lodge, No. 136, B. of R. B., at their regular meeting, held June 11th, 1889.

Whereas, It has pleased the Almighty God, in His infinite wisdom, to remove from our midst, by a sudden and unlooked for death, in the prime of manly strength, vigor, and in the noon-tide of life, our dearly beloved brother, Daniel Lorden, who died June 6, '89, from injuries received while in the faithful performance of duty.

Whereas, by his death, our lodge has lost a true and devoted member, his associates a warm friend, the company a valued and trusty employe, the family a dutiful son and beloved brother; therefore, be it

Resolved, That while we bow in reverence and submission to the will of our Heavenly Father in taking from our midst our much esteemed friend, we can not permit this solemn occasion to pass without placing ourselves on record as cheerful and ready witnesses to the many noble qualities of hand and heart, so constantly displayed by our deceased brother.

Resolved, That as a token of our respect, our charter be draped for a space of thirty days, and that each member wear a piece of crape, as a sign of mourning, for the same period, and that a copy of these resolutions be sent to his mother, suitably engrossed, and be entered on the minutes of the lodge, published in the daily papers, and our official journal.

Resolved that we extend to the mother, sisters and brothers our heartfelt sympathy in this their sad bereavement, and commend them to Him, who only can heal earth's deepest sorrows, and who doeth all things well.

Resolved, That faithful and true in life, faithful even unto death, kind friend, true brother, great heart, farewell. Your memory will surely be treasured by us so long as this Lodge retains its existence, and by each of us individually will we mourn the loss of an arm from the wheel of our Brotherhood, or a precious link from our golden chain of friendship.

Friend after friend departs;
Who hath not lost a friend?
There is no union here of hearts
That finds not here an end.
We, too, should be ready to die;
To leave this weary road,
And, 'mid the Brotherhood on high,
To be at home with God.

Mr. D. M. Grayson, of Cronville, Franklin parish, La., says: I think Swift's Specific is the best blood remedy in the world. I have known it to make wonderful cures of persons with blood diseases, some cases which had been regarded as incurable.

An Indian in the Everglades, Fla., it is said, is still holding in slavery negroes that were his when the war broke out.

Recently in Brooklyn, a scholar at one of the large public schools met with a serious accident. An eminent physician was called in. He asked, immediately, what had been done. "I have bound up the wound and saturated it with Pond's Extract," said the principal. "Very well!" said the doctor, "the boy is doing nicely. I could have prescribed nothing better." Pond's Extract is the great specific for Wounds, Sprains, Bruises, Burns, and all kinds of Inflammations and Hemorrhages. Demand Pond's Extract. Refuse any substitute.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

In Love's Shadows.

Most women naturally look forward to matrimony as their proper sphere in life, but they should constantly bear in mind that a fair, rosy face, bright eyes, and a healthy, well developed form, are the best passports to a happy marriage. All those wasting disorders, weaknesses, "dragging down" sensations, and functional irregularities peculiar to their sex, have an unfailing specific in Dr. Pierce's Favorite Prescription. It is the only medicine for women, sold by druggists, *under a positive guarantee* from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

Not a fit, but an expression of delight. "About a week ago," says a Los Angeles, Cals., druggist, "a chinaman came in with a lame shoulder. I sold him a bottle of Chamberlain's Pain Balm and guaranteed that it would cure him. He came in again last night, and as soon as he got inside the door, began to swing his arms over his head like an Indian club swinger. I thought the blamed fool had a fit, but he finally stopped long enough to say: "Medicine velly fine, velly fine; allo same make me feel plenty good." Chamberlain's Pain Balm, is without an equal for sprains, rheumatism, aches, pain or lame back. For sale by Geo. H. Loesch and Fred Hoham.

Catarrh Cured.

A clergyman, after years of suffering from that loathsome disease, Catarrh, and vainly trying every known remedy, at last found a recipe which completely cured and saved him from death. Any sufferer from this dreadful disease sending a self addressed stamped envelope to Prof. J. A. Lawrence, 88 Warren St., New York City, will receive the recipe free of charge. O18deod4m-weow15t

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are now absurdly flooding the market under various names and guises, that the New Style Vinegar Bitters is no bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicious flavoring.

THIRD POINT

You should read the CHICAGO DAILY NEWS because it's an independent newspaper. A fair and two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A fair view never magnifies one side and dwarfs the other. No sensible man wants to be fooled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make them—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, you want a fearless and independent newspaper—read THE CHICAGO DAILY NEWS.

Its circulation is 200,000 a day—over a million a week—and it costs by mail $3 a year, 75 cents a month, four months $1.00,—one cent a day.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balances in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 3 Aveline house.
